

want to indicate they don't like it because we are talking about the depositors. So if they are in a position to say I voted against 713 because I couldn't look at this other item in 127 then we have never a clear picture of what did occur and why. When we were considering the budget committee's cuts it was necessary to do some maneuvering to put their proposition in front of another matter that should have been considered first by rights. Everybody talked then about the impossibility of getting a fair vote on the motion that would have gone first because everybody would be looking at the one that was to come second. So in order to get all of that obstruction out of the way we took the second, first and the first, second. So I don't see anything wrong with doing that today and for that reason I am in favor of the bracketing motion.

PRESIDENT: Senator Hall.

SENATOR HALL: Question.

PRESIDENT: The question has been called for. Do I see five seconding hands? I do. To put the question to you, shall the debate cease? All those in favor of ceasing debate vote aye, opposed vote nay. We have been debating the proposal to bracket LB 713 until 5:00 p.m. You are now voting on the motion to cease debate. Please record your vote. Have you all voted? Record the vote, Mr. Clerk.

CLERK: 28 ayes, 6 nays to cease debate, Mr. President.

PRESIDENT: The motion carries. Senator DeCamp, you may close.

SENATOR DECAMP: Yes, Mr. President, I'm going to yield a minute or two of my time to Senator Remmers so he can denounce me for attempting this. Let me explain what I am doing. I'm doing exactly what everybody does in here and what we all know we do. We try to reach compromises when nobody has enough votes on a major issue, whether it's sales tax on food or a hundred other issues. The difference is this has got some ragged edges and I'm having to do it on the floor rather than putting it all together like we normally would, sitting around and seeing we've got 18 votes here and so many...that's all I'm doing. I'm saying, I don't think Commonwealth has enough votes and I don't know they do anyway. I don't think the lottery does. People
